

BRACKENQUILL

Little Learning Adventures

Autumn Woodland Adventures

Ages 5-8 | Seasonal stories, maths and discovery

Share an original autumn story, explore patterns and records, and plan a gentle woodland discovery.

Read. Notice. Imagine.

8 activities + 4 reusable resource sheets

16 A4 pages / Adult guide, answers + HTML

PRINTABLE LEARNING PACK / CUSTOMER EDITION

ACTIVITY 1 / SEASONAL STORIES, MATHS AND DISCOVERY

A windy little story

Today I can: Retrieve details from a shared fictional story.

FICTION: Nia and her uncle walked along a woodland path. Wind lifted Nia's paper map onto a bench. Her uncle picked it up. They sat together and drew a leaf on the map. A grown-up may read aloud.

1. Who walked with Nia?

2. What lifted the map?

3. Where did the map land?

4. What did they draw?

Story order cards

Use by pointing, drawing or covering sections. Cutting is optional; an adult handles scissors. These are paper play resources, not real money or school requirements.

Nia and her uncle walk along the path.

Wind lifts the paper map onto a bench.

Her uncle picks up the map.

They sit and draw a leaf on the map.
