My ways to join in

Today I can: Communicate a choice in a comfortable way.

You can talk, point, draw, gesture or use your usual communication aid. There is no one right way to join in.

Your drawing / writing space

1. Choose: would you like to draw or listen first?

2. Show someone one thing you enjoy.

3. Choose a place where you feel comfortable doing this page.

4. How can you show that you want a break?

My choice cards

Use by pointing, drawing or covering sections. Cutting is optional; an adult handles scissors. These are paper play resources, not real money or school requirements.
