ACTIVITY 1 / SHAPE AND REASONING

Shape spotters

Today I can: Recognise circles, triangles, squares and rectangles.

These are flat shapes. Say their names together.

A

B

C

D

1. Which labelled shape is a circle?

2. Which labelled shape has 3 straight sides?

3. Which labelled shape is a square?

4. Which labelled shape is a non-square rectangle?

ACTIVITIES 1-4

Answers & discussion notes

1. Shape spotters

- 1) A
- 2) B: triangle
- 3) C
- 4) D

2. Sides and corners

- 1) 3
- 2) 4
- 3) No.
- 4) Accept a closed shape with exactly 3 straight sides, one vertex pointing down.

3. Keep the pattern going

- 1) Circle
- 2) Shell
- 3) Circle, then square.
- 4) Accept a consistent AB pattern repeated at least twice.

4. A trickier pattern

- 1) Clap, clap, tap.
- 2) Circle, circle, triangle.
- 3) Red. Colour words are text; no colour vision is needed.
- 4) Accept any two same, one different unit repeated consistently.
